FALL OUT AGAINST THE WAR

March Across the George Washington Bridge

Regional Mobilization in NYC to End the War in Iraq

On October 27, join the **Bergen Peace & Justice Coalition** as we march across the George Washington Bridge to take part in a massive NY/NJ Regional Mobilization sponsored by **United for Peace & Justice** (UFPJ) to call for an end to the war in Iraq. With each passing month, nearly 100 servicepeople and countless Iraqis are killed, some 12 billion of our tax dollars are spent, and our communities continue to suffer.

Meet at the foot of the George Washington Bridge on Hudson Terrace in Fort Lee at 10:30 am. In New York we will join our coalition partners in Washington Heights for a feeder march from 179 St to 168 St, and then take the NYC Subway to join the UFPJ March at Union Square.

On this day, people will gather for massive regional actions in 11 cities around the country, from **Orlando** to **Seattle**, from **New York** to **New Orleans**, to say, "We want this war to end, and we want it to end now!"
